

## THE KENNEL CLUB

### 'Other' colour registration application

(to be completed by the breeder and a breed club/council)

This form is to be used to request a new colour option be added to the list of available 'other' NBS (non-breed-standard) choices for the registration of puppies.

The breeder should complete part A and then, with photographic evidence, liaise with the breed clubs/council to request that their application be approved. The clubs/council will need to complete part B. An opinion needs to be obtained from only one breed club. The completed form should be returned to [hbs@thekennelclub.org.uk](mailto:hbs@thekennelclub.org.uk) for consideration. It is unlikely that the new colour will be added unless supported by the breed clubs/council.
