

Please find below the latest information I have on the recent YKC Activities. Obviously due to Covid restrictions there has been a very limited schedule of events this year.

YKC Obedience July – December 2021

The YKC Summer Camp took place from the 31st July – Friday 5th August at Rutland Show Ground offering 5 days of activities & training. I had been asked to recommend/suggest two suitable candidates that might be willing to volunteer to attend as Obedience Trainers for the full 5 days, which I'm sure will be a regular request, so if anybody is interested in offering their services, please contact me. The two ladies I asked very kindly agreed, thank you so much Wendy Birch & Karen Lacey, you both did an excellent job!! Apparently, the YKC Members gave you both a massive thumbs up.

The YKC Autumn Training \Competition event was held at Newark Show Ground from Friday 21st – Sunday 23rd October. This event also held Qualifiers for Crufts 2022. The Obedience trainers for this weekend were Kathy Hood & Peter Height, again good feedback was given. Many thanks to Kathy & Peter for stepping in to help out. Again, I'm sure the request will come in again for trainers/judges to assist at this event so, please consider helping if you can, after all, these young people are the future of our sport.

YKC Fetch Magazine

YKC Crufts Obedience Judge 2022, Sue Garner will feature in the winter edition.

YKC are hoping to re-hold training days in 2022. If any Reps are interested/able to offer a training day, please contact me.

YKC Crufts 2022 Qualification

Typically YKC Qualification would require 30 points gained from Qualifying shows, YKC will aim to stick as close to this qualification method as possible, but, where class numbers fall short, they will have to alter the Qualification criteria to allow for a larger class entry. The decision on what the final Qualification criteria will be, has not been made yet (the decision will be made in early December) It's guaranteed that all those who have 30 points will qualify for Crufts 2022
